

DRAFT, August 10, 1994

## S t a t u t e

for the Amendment of the Statute on Measures to Reduce Smoking

Issued in Helsinki,

... 199

At the presentation of the Ministry of Social Affairs and Health, shall be

abolished § 13 and 22;

amended § 1, clauses a and e to j, §§ 11, 12 and 19; and

added new clauses k - m to § 1, as follows:

## § 1

When applying the Act on Measures to Reduce Smoking (393/76), in this Statute referred to as the Tobacco Act, as well as in the regulations and orders issued thereunder, the below definitions mean the following:

a) cigarette; an industrially manufactured tobacco product meant for smoking, wrapped in paper or in a wrapper manufactured mainly of paper or other material which contains paper;

e) snuff; a tobacco product in powder form or otherwise crushed, and meant to be inhaled through nostrils;

f) product information; information given to parties participating in the sales and marketing of tobacco, tobacco product and imitation or smoking accessory, on tobacco and the above products, their manufacture, prices, manufacturing and marketing costs, composition, as well as the levels of tar, nicotine and other substances which cause health hazards or risks, contained in these products, picture of the product and its retail package, as well as other information related to marketing, provided that the given information cannot be held as direct or indirect advertising or other sales promotion, prohibited in § 8 of the Tobacco Act, taking into account the target group or the information as a whole;

g) symbol; an entity composed of a word or words, letter or letters, number or numbers, picture and patterns as well as the colors and color combinations used therein, or an entity composed of other symbols by which the product is identified and distinguished from other consumer commodities in marketing;

h) customer area, an indoor area designated for the use of persons doing business in an office, institution or comparable other public institution as well as in a work community or business establishment;

i) indoor working area of a work community, a room, hall or other contiguous working area separated by walls, as well as a conference or meeting area designated as a working area for employees;

j) common areas of the work community, a social or resting area designated for employees, a contiguous indoor area designated as a dining recess and lounge, as well as the passages and staircases of the work community;

k) public authority and other public office comparable to them, an operating unit of the State, municipality or federation of municipalities, Social Insurance Institution, Bank of Finland, and an operating unit of a foundation, private company and other corporation, providing services belonging to the duties of the State or municipality, as well as performing other public duties;
